xerox ®

Affordable, convenient, simple scanning

Performance with flatbed and automatic document feeding

Features:

- Most economical solution in its class
- Small footprint saves office desk space
- Visioneer® OneTouch® scans to cloud or applications
- 9 preset Visioneer OneTouch jobs on control panel
- Scan cards, paper up to 8.5" x 118", books and magazines
- Ideal for scanning photographs
- ADF scans 25 single-sided pages per minute

THE CONVENIENCE SCANNING PROBLEM

For many small offices, scanning is an occasional need. However, when the need arises, it's an inconvenient interruption. You're facing multiple steps and confusing settings, and arcane software applications. The office may be equipped with print-only output technology, and you need to simply print or copy a single-sided document, ID card, photo, or pages from a book or periodical. Solving this problem is even more challenging given the surprisingly high prices of most combination scanners. And they often take up more desk space than your printer or MFP. You need an affordable, time-saving, flexible and simple-to-use solution for those scanning interruptions.

ECONOMICAL INVESTMENT

The Simplex Combo Scanner will save you 30% to 70%* over other major brand-name scanners, but due to its current-state technology it doesn't skimp on performance. Single-sided scan speeds up to 25 pages per minute save time, and a 500 page per day duty cycle is more than enough for offices with infrequent daily scanning needs. The Xerox®

Simplex Combo Scanner is both a flatbed scanner and a multi-page ADF scanner all in one, so you can scan paper documents such as forms and applications, photos, thick books and magazines, and plastic ID and insurance cards. It's an effective solution for small offices in retail, banking, government, financial and health providers where occasional scanning can be a disruption and price is important.

COMPLETE YOUR PRINTER

Many offices are equipped with printer-only inkjet or laser output technology. The usual solution is adding a new MFP that costs more than the original printer and includes scan and copy functions. But they're not built with the robust speed, paper handling and software flexibility of a dedicated scanner. With its advanced paper handling technology you will be able to securely scan, store and manage all that digital searchable information. 9 preset scan jobs – including scan-to-print – on the Simplex Combo Scanner's intuitive control panel complete your printer without the need to replace it. And the extremely small footprint keeps the scanner out of the way when it's not needed.

ONE TOUCH, BUT MUCH MORE

The Xerox® Simplex Combo Scanner is powered by the original one-touch scanning solution - Visioneer OneTouch® with Acuity - so that with one touch of a button you can send your scanned documents to completely configurable destinations. Visioneer OneTouch streamlines your document management workflows and scans using the optimal settings for resolution, color, auto-crop, auto-straighten and file format, and then delivers it to virtually any application, folder or device at the touch of a button. Adding new custom workflows or linking to new applications with OneTouch Link is a snap.

Visioneer Acuity intelligent image enhancement technology is integrated into OneTouch delivering consistently-scanned paper documents in a searchable PDF format to email, print, cloud or custom IT or web applications in your office. Acuity greatly reduces training time for scanner users, adding even more return on investment.

Need double-sided scanning? **Click here** for information about the Xerox® Duplex Combo Scanner.

Xerox® Simplex Combo Scanner Software and Specifications

VISIONEER® ACUITY (PC)

Visioneer Acuity with DriverPLUS technology enables your scanner to instantly improve the visual clarity of scans. Using advanced algorithms, Acuity corrects documents containing imperfections, improves the quality of scanned images for archiving,and increases OCR accuracy.

VISIONEER® ONETOUCH® (PC)

OneTouch connects your scanner with powerful settings so that, with one touch of a button, the scanned document is automatically sent to e-mail, your printer, a file folder, or to one of many cloud destinations.

VISIONEER TWAIN™ DRIVERPLUS (PC)

DriverPLUS offers an impressive array of settings to enable precise customization of the scan – far beyond current TWAIN specifications and user experience. DriverPLUS also delivers Parallel Scanning, allowing multiple same-model scanners to be connected to a single PC and run concurrent jobs. Visioneer Acuity integration adds intelligent image enhancement and PC Optimization to enable full-speed scanning.

ABBYY® BUSINESS CARD READER (PC)

Easily transfers contact information from scanned business cards scans into your smartphone address database. It recognizes 22 languages, and saves contact info onto your smart phone contacts, or in its own digital storage catalog.

ABBYY® FINE READER SPRINT (MAC® & PC)

This easy-to-use OCR tool reduces the need of retyping and paper storage, instantly converting your scans into various file formats, including searchable PDF. It accurately reads documents in up to 179 languages and precisely preserves the original document's layout and formatting.

TWAIN™ FOR MAC

The Mac TWAIN driver offers all of the features of Acuity Image cleanup built in, including Blank Page Removal, Auto Color Detect, Auto Rotate and much more. It also includes a digital endorser to add text to your images, the ability to read bar code data (3rd party software required to interpret bar code data), and Merge 2 sides.

VISIONEER SCAN UTILITY FOR MAC

A simple but effective scan utility allows you to take full advantage of all of the drivers' features. Just set your driver preferences, select an image format and file destination, and start scanning.

MINIMUM SYSTEM REQUIREMENTS

- **Mac®:** 2GHz or faster Intel® Core Processor OS X 10.9 - 10.13
- **PC:** 2Ghz Intel Core 2 Duo or equivalent processor
- Compatible with
  - Windows® 10 Pro, Home , Enterprise and Education
  - Windows 7 Pro, Home , Enterprise and Ultimate
  - Windows 8/8.1 Pro, Core and Enterprise
- 2GB RAM
- 350 MB available hard disk space for Drivers
- 1GB for OneTouch
- 1-2GB for additional applications
- Dual layer DVD-ROM drive
- USB port

BOX CONTENTS

- Xerox® Simplex Combo Scanner
- Power Supply
- USB Cable
- Spare ADF pad
- Power Plug Adapters
- Quick Installation Guide
- Technical Support Card
- Warranty Card
- DVD-ROM including:
  - User's Manual
  - Visioneer OneTouch
  - Visioneer Acuity
  - ABBYY Business Card Reader
  - ABBYY Fine Reader Sprint
  - Scanner Drivers: TWAIN, EMC® Captiva® ISIS® and Microsoft Windows Image Acquisition (WIA) Driver

Xerox® Simplex Combo Scanner Product Specifications	
Model Number	XS-Combo
Part Number	100N03262
ADF Scan Speed @ 300 or 200 dpi (Color, B&W or grayscale)	25 ppm
Flatbed Scan Speed (Color, B&W or grayscale)	5 seconds per page
Scan Method	Flatbed or Automatic Document Feeder (Simplex)
Optical Resolution	600 dpi
Interpolated Resolution with Visioneer Acuity	75, 100, 150, 200, 300, 400, 500, 1200
Image Sensor	CIS
Light Source	LED (light emitting diode) instant on
Background	Black
Output Bit Depth	24-bit color, 8-bit grayscale, 1-bit black & white
Scanning Media Supported	Paper, plastic ID cards, photos
Interface	Hi-speed USB 2.0 (3.0 compatible)
Scanner Dimensions (paper trays collapsed) (W x D x H)	16" x 13" x 5.6" (405 x 331 x 142 mm)
ADF Minimum Document Size	3 x 5.9" (76 x 150mm)
ADF Maximum Document Size	8.5" x 118" (216 x 2997 mm) @ 300 dpi
Flatbed Maximum Scan Area	8.5" x 11.7" (216 x 297 mm) @ 300 dpi
ADF Paper Thickness Range	16-28 lbs. (60~105 g/m²)
ADF Capacity	35 pages (20 lb., 75~90 g/m² paper)
Weight	5.94 lb. (2.7 kg)
Duty Cycle	500 pages per day
